Things to Note

The body for this sweater is worked in one piece, and the sleeves are worked in the round to the sleeve cap to reduce the amount of seaming that needs to be done. If you need help with connecting the sleeve without adding extra stitches, a tutorial is available at
http://100babysweaterpatterns.com/crochet-tube-looks-like-crocheted-flat/

A standard list of abbreviations can be found at http://100babysweaterpatterns.com/abbreviations

Row 8: ch2, [hdc 11, 2hdc in next st] to end

Break yarn & fasten off.

Finishing

Block pieces to schematic measurements. Sl st 7 (8, 9, 10, 11) front &
back shoulder sts together on each side. Sew sleeve into armhole,
easing as necessary. Attach collar to neckline edge by placing collar
flat along neckline (be sure that button hole on collar lines up with
button holes on front edge) and working a row of sc through both the
collar and neckline stitches, working 36 (36, 40, 40, 40) sc evenly
spaced along collar.

Sew buttons to button band to match button holes. Weave in all ends.
